

REMARKS

The drawings were objected to under 37 CFR 1.83(a) as not showing the AC power supply and detector recited in claims 9, 13-16, 18, 24, 26, 27, 29 and 53. New proposed drawings FIG 4 and FIG 5 have been submitted herewith to overcome the Examiner's objection to the drawings. Further, related description has been added to the specification as set forth above. The Applicants respectfully submit that no new matter has been added. Therefore, withdrawal to the objection to the drawings is respectfully requested.

The Applicants respectfully traverse the prior art rejection relied upon by the Examiner for at least the reasons set forth above. In view of the foregoing, the application is considered to be in condition for allowance. Early notification of the same is earnestly solicited. If there are any questions regarding the present application, the Examiner is invited to contact the undersigned attorney at the telephone number listed below.

Respectfully submitted,
